ABOUT ME

I have chosen my career to start as a Software Engineer and gradually want to become a Tech expert. I always love to keep myself up to date on technology innovation habitually. From my undergraduate education i have especially acquired fundamentals on Software Engineering, Data Science and Networking. I keep on doing various projects consisting of various tools. I have completed course of Mobile Application Development with Flutter. Also i have core knowledge on Full-stack web development based on Nextjs, Nestjs, Laravel, React, MySQL, PostgreSQL by self-learning.
